THE PRESIDENT COMMENTS

December is a month we all anticipate. Some of us for its spiritual significance, others just for the festive season. Regardless of which you prefer you have to admit that it's a special time of the year. I would like to thank all the officers, board members, and general membership, which mad my job as president this year a rewarding and fun filled time. The two-meter machine is working quite well and if you haven't noticed the coverage is great with the added receive sites. Thanks to Wayne (W9BBB) and Radio Rick (W9XB) the new 220 south machine is up and working great. Radio Expo once again was a success and all because of the countless hours of hard work by you the club members of C.FM.C.

The VE testing sessions have become very successful and I would like to thank Bob KA9HHH and his VE crew for their time and effort in putting this program together.

We have some new ideas for the club in 2005, but we will need the participation of you the club members to make them work.

I would like to wish all our members Happy Holidays and Seasons Greetings and hope to see you at our next general meeting.
